20W ABS WEATHERPROOF HORN SPEAKER

HT-20S
20W ABS HORN SPEAKER (IP-65)

HT-20S ABS Weatherproof Horn Speaker is purpose-built for environments where clarity and durability are non-negotiable. Featuring a high-impact ABS flare, corrosion-resistant stainless steel hardware, and **IP65-rated protection**, it stands up to the elements while delivering outstanding voice intelligibility. With support for 100 V, 70 V, and 8 Ω lines, it offers maximum installation flexibility for a wide range of system requirements. Ideal for demanding applications such as:

- Factories & Warehouses:** High SPL and robust construction ensure critical announcements are heard clearly—even in noisy, industrial environments.
- Parking Lots & Corridors:** Narrow dispersion pattern reduces spillover, ensuring messages are focused and easy to understand.

Technical Specifications

HT-20S	
Power Handling Capacity	20W
Frequency Response	300-8KHz
Sensitivity	105dB (1W,1m)
Transformer Taping (100 V Line)	20W/10W/5W/2.5W/8Ω
Transformer Taping (70 V Line)	20W/10W/5W/2.5W/1W/8Ω
Primary Impedance of Tapping(Ohm)	500/1k/2k/4K/ 8Ω
Secondary impedance(Ohm)	8ohm
Material	ABS
Overall Size	162 MM(H) x 222MM(W) x 232MM(D)
Weight	1.4 KG
Accessories	Wall Mount Bracket
